

# Muhamad Sharif Miftahuddin

## Software Engineer

Jakarta, Indonesia | Phone: 083850786124 | Email: kopisharif@email.com

## SUMMARY

---

Born in Jakarta, May 8th, 2000. A fresh graduate of Informatics Engineering from Politeknik Pos Indonesia. I have some work experience in the Web Developer sector, Data analyst sector Education sector and UI/UXsector. I'm looking for a company that can make me grow together to be a better person, in everything. I will use my work opportunity responsibly, and contribute optimally.

## EXPERIENCE

---

### PT Evergreen Hans, Jakarta- Indonesia

Dekstop Developer(September2023- present)

- Spearheaded the enhancement and maintenance of an existing employee and payroll management system using Visual Basic, streamlining administrative processes and ensuring accuracy in payroll processing.
- Successfully integrated new features, such as advanced reporting functionalities and data validation mechanisms, resulting in improved efficiency and data accuracy.
- Provided training and support to end users, facilitating a seamless transition to the updated system and ensuring optimal utilization of its capabilities.

FullStack Developer(July 2023 – September 2023)

- Designed and developed a comprehensive inventory monitoring system utilizing NEXT JS, EXPRESS JS, and SQL Server technologies.
- Implemented dynamic front-end interfaces for real-time data visualization, ensuring user-friendly and responsive design.
- Leveraged SQL Server to design and optimize database schema, ensuring efficient data storage, retrieval, and management.
- Collaborated closely with cross-functional teams to gather requirements, conduct code reviews, and deploy updates, ensuring project alignment with business objectives.

### PT Metranet, Jakarta- Indonesia

Front End Developer (March 2021 – December 2022)

- Collaborated closely with back-end developers to integrate APIs and ensure seamless data flow, resulting in a 20% improvement in application responsiveness.
- Implemented responsive design principles, creating interfaces that adapt seamlessly to various screen sizes and devices, resulting in enhanced user experiences.
- Employed modern JavaScript libraries and frameworks, optimizing code for maintainability and scalability, leading to a 15% reduction in development time.

### PT CodingStar, Jakarta - Indonesia

Freelance Mentor Web Development (November 2022 - Present)

- Designed and delivered comprehensive HTML and CSS classes for teenagers, providing hands-on learning experiences in web development..
- Demonstrated practical application of HTML and CSS concepts through real-world examples and interactive projects, ensuring a practical understanding of the material.

### PT Global Milenial Grup, Solo – Indonesia

Web Developer (July 2020 – March 2021)

- Proficient Web Developer with expertise in leveraging WordPress to create dynamic and user-friendly websites. Skilled in HTML, CSS, and native JavaScript for seamless integration and enhanced functionality. Proven track record in collaborating with cross-functional teams to design, develop, and optimize website systems to meet organizational objectives. Assisting the company in developing six websites to remain relevant to the company's needs.
- Known for analyzing and providing insightful monthly reports to facilitate informed decision-making for the COO.
